

4 SAT IF distribution equipment  
Power supply

- switch-mode technology
- short circuit and overload protected

| Technical specifications    |                                 |
|-----------------------------|---------------------------------|
| T Y P E                     | SYS1381N-1212-W2E               |
| Ordering number             | 00635                           |
| DC output                   | +12 V 1 A max., 3.5/1.3 mm plug |
| Mains voltage               | 100 V÷ 240 V~ 50/60 Hz          |
| Operating temperature range | 0° ÷ +40° C                     |
| Dimensions/Weight (packed)  | 63.6x29.5x45.6 mm/0.091 kg      |
